CAREER SUMMARY

Full stack **Product Leader** with extensive experience in spearheading research and development for innovative digital tech products. Presently, I oversee products at SAP Signavio that contribute to the organisation's long-term strategy by consulting on product strategy and leading engineering operations for growth at scale.

WORK EXPERIENCE

Mar 2021 – present

Principal Product Owner | SAP, Berlin, Germany

After joining SAP following the SAP Signavio acquisition, I was promoted to Principal Product Owner in Sept 2021 and now I oversee the product portfolio comprising of the SAP Signavio Journey Modeler, Process Modeler, and Process Governance. I played a key role in the acquisition change management and the Acquire-To-Ship release.

Primary Responsibilities

There are 3 parts to my role as a Principal Product Owner at SAP:

1. Functional Leads of Product Owners
2. Program Manager for Special Integration projects
3. Member of Business Modeling and Workflows Leadership Committee

Notable Achievements

- I took SAP Signavio's Journey Modeler product from Beta to GA ("generally available") and it became the fastest growing product at SAP Signavio that year
- I built a strong product community of practice at SAP Signavio

Apr 2019 – Nov 2020

Writer – Product, Engineering, Growth, and R&D | Deputy, Sydney, Australia

Deputy had SaaS-based products in hypergrowth and adequate funding to scale exponentially in an untapped arena. As an experienced Writer, I helped set up the foundation to enable mid-market and enterprise customers and software developer partners to seamlessly connect to the Deputy platform via APIs and webhooks to include in a global workforce management ecosystem. I coached several cross-functional product teams to achieve this.

Notable Achievements

- Recipient of the Deputy Unicorn Award
- Recipient of the Deputy Star Award

May 2017 – Apr 2019

Product Manager and Technical Writer | Leadbolt Pty Ltd, Sydney, Australia

In 2017 and early 2018, Leadbolt was a global market leader in an ad format technology called "playable ads". As the only product leader in the company, I managed all cross-functional teams including the internal R&D division that created all innovative mobile ad formats that were responsible for a 58% growth in market share and helped Leadbolt achieve its highest revenue since inception.

Notable Achievements

- Led the entire Product Strategy at Leadbolt
- Created and launched a new product "Playable Ads"

Nov 2015 – Mar 2017

Product Manager | Vserv, India

June 2014 – Nov 2015

(Acting Product Manager and) Technical Writer | Contentstack, India

Dec 2012 – Feb 2014

Technical Writer | Ibruk Consulting, Mumbai, India

Nov 2011 – Dec 2012

Product Manager and Technical Writer | Phoenix Forge Pvt Ltd, Bengaluru, India

Sep 2011 – Jul 2012

Center Manager | Rustomjee Academy for Global Careers, India

Dec 2010 – Sept 2011

Technical Writer | Ibruk Consulting, Mumbai, India
